DETAILED ACTION

1. This Office Action is a response to communications dated 08/25/05. Claims 18-49 are pending in the application.

Allowable Subject Matter

2. Claims 18-49 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art of record, considered individually or in combination, fails to fairly show or suggest a claimed apparatus/method for multiplexing variable rate bit streams onto a medium, comprising, among other elements/steps, a novel and unobvious limitation of obtaining output rate by applying a Motion Picture Expert Group 2 Video Buffer Verifier (VBV) model of a receiver for a bit stream to information read from the bit stream, structurally and functionally interconnected with other limitations in a manner as recited in claims 18-49. Moreover, the claimed subject matter of the instant application is similar to that of App. No. 09/322,187 became patent 6,438,139. Thus, same reasons of allowance indicated in App. No. 09/322,187 are applied in the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
